O R D E R

On May 23, 1991, the Commission issued an Order in this proceeding requiring TMC of Lexington ("TMC") to file certain information and to revise certain proposed tariff sheets. On June 14, 1991, TMC filed its response. However, TMC's responses to Items 1, 2, 3, 8, 9, and 10 of the Commission's May 23, 1991 Order are inadequate and not responsive to the Order.

IT IS THEREFORE ORDERED that within 20 days from the date of this Order, TMC shall file the original and ten copies of the following information and revised tariff sheets with the Commission, with a copy to all parties of record.

1. In your response to Item 1 of the May 23, 1991 Order, you state that TMC neither owns nor operates any transmission facility within the Commonwealth of Kentucky. Does TMC or any of its affiliates own and/or operate any transmission facility in any jurisdiction other than Kentucky?

2. Refer to Section II.D.4. of the Original Page 6 of the proposed tariff. Revise this section in order to be in compliance with 807 KAR 5:006, Section 11(5), concerning reconnection.

3. Refer to Section III.D.2. of the Original Page 19 of the proposed tariff. Revise this section to reflect the requirement of 30 days notice to the Commission and proof that TMC's customers are notified and alternative service is available before a service can be discontinued.

4. Refer to Section III.E.2.(a. through f.) of the proposed tariff. Provide revised tariff sheets to reflect the blocking/interception prohibition requirements, tent card/sticker display requirement, the requirement regarding the violation of these provisions, and other requirements of the March 27, 1991 Order in Administrative Case No. 330.¹ The tariff sheets provided in response to Item 10 of the Commission's May 23, 1991 Order are simply quoted from the Administrative Case No. 330 Order without applying the restrictions to TMC.

Done at Frankfort, Kentucky, this 29th day of August, 1991.
